### MESSAGE

Looking around the campus today, it is nice to know that much has changed, yet much has remained the same.

The 50-year old buildings are still strong and got a new coat of paint just a couple of years ago. Air conditioning was added (!), telephones became standard in every room (!), and the multipurpose room even got new curtains to replace the orange, multicolored favorites that adorned the stage for many years.

The grounds are lovingly coordinated and maintained by none other than Bancroft's Garden Angel, Kelly O'Hagan. Kelly's attention to detail, countless hours of work herself, coordinating classroom gardens, neighborhood and scout volunteers, has helped Bancroft blossom (pun intended) into a place to be proud of!
